SUMMARY

A fresh graduate, Full Stack .Net developer with knowledge of 1 year experience in the similar field, I am looking for an opportunity that would build up my career and give me more experience in the field. I have a constant desire to develop and learn from those who are more experienced.

EDUCATION

Computers and Artificial Intelligence, Helwan University.

September 2018 – July 2022

- o Main Specialization: Information systems. Sub Specialization: Computer Science.
- o Cumulative Grade: 3.21 GPA (Very Good).   o Graduation project grade: 4 GPA (Excellent).

EXPERIENCE

The Sparks Foundation- Remote

Intern, September 2022 –Present

designed and constructed demo websites. Ensured that sites met the expectations by ensuring they look good, run smoothly and offer easy access points with no loading issues between pages.

PROJECTS

GRADUATION PROJECT – Exchange bookstore

Applying in this system Asp .net core Razor Pages (MVVM), Entity Framework core, multi tire architecture, multi-tenant, Dependency Injection, auto mapper, filter using ajax, Datatables, upload photos & files, delete file, Send Mail, Microsoft Identity, implementing recommendation system based on customer preregistered favourite categories, jQuery validation.

- o Code Link: Click Here   o Demo Video Link: Click Here   o UML and Documentation Link: Click Here

Educational app store - edu-store

Applying in this system Asp .net core MVC, Entity Framework core, three tire architecture, Dependency Injection, auto mapper, filter using ajax, Datatables, upload photos & videos, Send Mail, Microsoft Identity, jQuery validation.

- o Code Link: Click Here   o Demo Video Link: Click Here

Basic banking system

Applying in this system Asp .net core MVC, generic repository, Entity Framework core, Dependency Injection, filter using ajax, Datatables

- o Code Link: Click Here   o Demo Video Link: Click Here

Document management

Applying in this system Asp .net core Web API, generic repository, Entity Framework core, Dependency Injection, Datatable, Create directories on server, upload files (photos, videos, PDFs)

Backend Code Link: Click https://github.com/peterezz/AspNetCoreAssessment/tree/main/Backend/AspNetCoreAssessment

- o Demo Video Link: Click Here   o Documentation Link: Click Here

Course management system – SMCC

    Applying asp.net MVC, crud operations using entity framework for courses, students, and teachers.

- o Code Link: Click [Here](#)

Design Patterns

    Applying Factory Design pattern, Adapter Design pattern, Factory Design pattern, observer Design pattern, strategy Design pattern using java.

- o Code Link: Click [Here](#)

LICENCES & CERTIFICATIONS

Database Fundamentals - Information Technology Institute (ITI).

Certification date, Jul 2022

TECHNICAL SKILLS

- o C#
- o Java
- o SQL Server
- o ASP.NET Framework MVC
- o ASP.NET Core Razor Pages
- o ASP.NET Core MVC
- o ASP.NET Core API
- o Entity Framework Core
- o Identity Framework
- o HTML/HTML5
- o CSS/CSS3
- o Bootstrap 4
- o Java Script
- o jQuery
- o Ajax
- o Datatables
- o Git/GitHub

CONCEPTS

- o Data Structure.
- o Algorithms.
- o Database design.
- o Object oriented programming (OOP)
- o Object oriented analysis and design (OOAD).
- o SOLID Principles.
- o Design patterns.

SOFT SKILLS

- o Self & Fast learner
- o Teamwork
- o Work under Pressure
- o Time Management

LANGUAGES

- o Arabic: Native.
- o English: Very Good.

PERSONAL DETAILS

- o Nationality: Egyptian.
- o Date of birth: 30th Sep 1999.
- o Military Status: Exempted.
